We will inform parents and carers of any concerns about their child (providing it does not compromise the child's safety) and will help support them as necessary.

PREVENTION:

We will take positive action to prevent children from suffering abuse and neglect through the development of an open culture that informs children of their rights and encourages them to speak about any concerns. Pupils will also learn about keeping themselves safe within the curriculum.

RESPONDING TO CONCERNS:

We will refer all allegations or concerns that a child has been or is likely to be abused or neglected to Social Care within the Children's Services Department. We will consult with other agencies when there are concerns that a child may have been abused or neglected. We will discuss with parents and carers any concerns they have about children. Parents and carers will be kept informed of what has happened.

We have a duty of care to all of the children in our school and so we will follow up any concerns we have.

CHILD ON CHILD ABUSE:

Physical and emotional abuse of children by other children will be dealt with through the school's anti-bullying policy. Parents and carers will be kept informed. All concerns about possible sexual abuse will be referred to the Police and Social Services.

CHILD PROTECTION TRAINING:

We will ensure all staff are trained to be able to support children effectively. We will also share important information with parents such as support relating to keeping children safe online.

OVERVIEW:

This Policy reflects the values of Great Chart Primary School in relation to safeguarding. We believe that all pupils should remain safe and free from harm. As such, we are committed to playing a full and active part in the multi-agency response to child protection concerns.

We as a school, have a legal duty to safeguard and promote the welfare of children and to have a safeguarding policy.

Staff at Great Chart Primary School have day to day contact with pupils, some working directly with families, which means that we have a crucial role to play in noticing when something may not be quite right. If it appears to a member of staff that a child may have been abused or neglected in some form, the school is required to report the concern to Social Care immediately. Carers should inform the school immediately if their child sustains any accidental injuries that result in cuts/bruises/fractures.
