

## English

We will be enjoying a range of texts both fiction and non-fiction with a theme of Keeping healthy.

In writing we will be focusing on writing more detailed sentences using Language Through Colour to help further develop our sentence structure.

In Phonics we will be revising Phase 5 phonemes to blend and segment words and learning spelling patterns.

We will focus on speaking and listening skills in our presentations and will create fact files about teeth. We will look at a tooth fairy story and the Rascally Cake.

## School Value

### Aspiration

**We will reach for the stars  
and be the best we can be.**

## Maths

In Maths we will practise mental calculation daily using Daily 10, Mad Maths Minutes and Flashback 4s to ensure we are secure in our number knowledge.

Our Maths topics will focus on addition and subtraction. We will use partitioning and the column method to add 2 digit numbers exchanging tens.

In daily lessons we will use practical resources to help us learn before recording our work and solving problems. We will start learning our 2x, 5x and 10x tables in class.

## Great Chart Primary School

## DT

This term we will be linking some food technology to our keeping healthy topic. We will be investigating food groups and looking at ingredients in common foods.

We will design and make a healthy soup. This will include developing our food preparation skills including hygiene, safety, peeling, chopping and mixing. We will get to try something new!

## History

Key Question: What was special about Mary Seacole and Florence Nightingale?

Through investigation and historical sources the children will learn information about important historical figures and consider the impact they have on modern life.

## Music

We will be exploring 'Musical Me'. We will learn about timbre and dynamics and use tuned percussion instruments.

## Year 2 Term 2 Curriculum

### RE

Christianity  
Key Question:  
Why did God give  
Jesus to the  
world?

### RHE

We will explore  
how families  
support and care  
for each other  
and how we keep  
ourselves safe.

## Science

In Science our topic is Healthy Humans

We will be looking at what humans need to grow healthily. We will sort foods into different groups and investigate what a balanced diet is. We will look at how to keep clean and what happens when we are poorly and consider the effects of exercise on the body.

### P.E

Outdoor PE - **Hockey** - using space, hand eye co-ordination  
**Dance** - Exploring movement to music travelling  
Indoor - **Gymnastics** - sequencing movements and balancing.

### Computing

We will be practising logging into Google accurately to access activities set on Google Classroom. We will look at developing typing skills using the chrome books. We will reinforce the e-safety message.
