

These lessons can all be found on Salut. Children should revisit the **core units** each year, with **additional main units** to build new vocabulary:

In Year 3 & 4, the core units may form whole lessons as children get to grips with the basics of French.

In Year 5 & 6, where children are hopefully becoming more secure on these basic core units, they may form short lesson warm-ups, or have a more complex outcome- for example a written piece of work, or be combined together into recap lessons.
